The home of Mr. and Mrs. Arthur Chipman, South Shiawassee street, was the scene of a very pretty and pleasant home wedding, Wednesday evening, it being the occasion of the marriage of their daughter, Miss Gertrude Chipman to Millard Blynn.

Miss Myrtle Chipman, sister of the bride, acted as the bride's maid, and Wellington Whiting was the groom's best man. Then in the presence of about thirty of the relatives and most intimate friends of the contracting parties, Rev. W. G. Nixon performed the wedding ceremony. Later a wedding supper was served.

Mr. and Mrs. Blynn went to Lansing yesterday morning to stay until Monday, when they will return and begin house-keeping at 1843 S. Shiawassee street.

**Thrown Out and Hurt.**

About half past twelve Sunday noon while driving a three year old colt, belonging to F. B. Holman, Mr. and Mrs. R. B. Garrison met with an exciting and painful experience. The colt was feeling quite frisky and on coming to the corner of Oliver and Mulberry streets began to kick, knocking the dash board off with the first stroke, then breaking off the thills. This made it impossible to guide the buggy, and in attempting to turn the horse so that he would not carry them into a tree, the buggy was tipped over and both Mr. and Mrs. Garrison were thrown out on the corner of Col. Colt's lot.

Mr. Garrison was badly cut about the face while Mrs. Garrison received a severe scalp injury and was unconscious for two hours. Neither received any permanent injury, however. The colt was some cut up by the pieces of thills which he took with him, but was not seriously hurt. Mr. Garrison has been in the habit of driving him and has never had any trouble with him before, but he had not been driven last week, and consequently felt unusually mischievous.

**John Turnbull Dead.**

John Turnbull, who has been sick for the past two or three months, for much of the time with almost no prospect of ultimate recovery, died at his residence, 1120 West Main street, Sunday evening. He was first taken ill with a bronchial complaint, which quickly developed into inflammation of the lungs, and later into quick consumption. He was fifty-six years of age. Mr. Turnbull was a well known figure on Owosso streets, his tall erect carriage and long beard giving him an almost patriarchal appearance. For years he was engaged in stock raising and took great interest in his horses and cattle. For the last few years, however, he has done little besides sprinkling West Main street, keeping a team for that use. He was a widower and left no children. He had a brother residing in Ontario and a sister in Indiana. The funeral services were held at the residence, Tuesday afternoon, Rev. D. S. Cramer, of Burton, officiating.

**Death of Mrs. Catharine Laible.**

Mrs. Catherine Laible died Wednesday afternoon at the home of her daughter-in-law, Mrs. Josie Laible, 334 North Water street, after a two weeks illness. She was seventy-eight years of age. The most of her life was spent in Detroit. Her husband, Fred Laible, died there nearly fifty years ago. She had three sons, all of whom are now dead, her son George who lived in Owosso for a number of years being the last of her children. She made her home with him before his death and since that time has lived with his widow, Mrs. Josephine Laible. A short service was held at the house this morning by Rev. C. E. Hill and then the body was shipped to Detroit on the morning train for burial.

**Meeting of School Board.**

The school board met Tuesday evening and transacted the usual routine business. The selection of a teacher for the room in the Union chapel which has been rented by the board for school purposes was left to the committee on teachers.

The question of continuing the study of music in the grades by oral lessons or the procuring of books was left with the committee on text books.

After considering the matter of the appointment of a truancy officer, Geo. F. Robinson was appointed to that position by the board.

The matter of the redistribution of pupils made necessary by the large increase in their numbers was by vote of the board left in the hands of Supt. Simmons with full power to act.

The enrollment Tuesday morning was, Central school 798 pupils; Emerson, 366; Washington, 397; Bryant, 258; Total 1819. This is seventy-one more than the enrollment on the first day of the term and over fifty more than were enrolled on September 29th last year. In tea rooms there is an excess of 101 pupils over the number of sittings.

**The New Tenants of the White House.**

The first and only pictures Mrs. McKinley has had taken in ten years appear in the October number of 'The Ladies' Home Journal.' They form part of a series of new and unpublished photographs of the new occupants of the White House. Mrs. McKinley wore for her picture her inaugural ball dress of silver and white brocade, at the special request of the President, who thought it particularly becoming. The excellent portrait of Mr. McKinley in his office was taken in June. The other pictures in the series show the many changes in the arrangements and furnishings of the rooms and grounds, made by the President and Mrs. McKinley.

"Rise, woman, rise To thy peculiar and best attitudes Of doing good and of enduring ill. Of comforting for ill and teaching good, And reconciling all that ill and good Unto the patience of a constant hope: Thy love Shall chant itself its own beatitudes After its own life-working. A child's kiss Set on thy sighing lips shall make the glad; A poor man served by thee shall make thee rich; A sick man helped by thee shall make thee strong Thou shalt be served thyself by every sense, Of service which thou renderest."

**THROWN ON THE WORLD.**

Widows and Daughters Paying for Previous Extravagance.

A visitor in one of the government offices where women are employed in one of our cities was conducted by the superintendent, an old man with large experience. The last room inspected was filled with women at work, says the Youth's Companion.

The visitor remarked: "This is a higher class of women than that employed at the same work in some other kind of business. These women have been educated and have refined faces and voices. I should judge they are not used to manual labor of any kind."

"They are not," was the reply. "In almost every case they are the widows or daughters of men whose income died with them, but who, while living, gave to their families luxuries beyond their means."

"That young girl by the window was in fashionable society in New York two years ago. Her father, with a salary of \$5,000, lived beyond his means. The woman in mourning is a widow of a physician whose income averaged \$6,000. He probably spent \$8,000."

"That pale girl is the daughter of a master builder, who lived comfortably among his old friends until he was seized with political ambition. He moved into a fine house, had his carriage, servants and gave balls. He died and his daughter earns \$12 a week, on which she supports her mother. There is hardly a woman here who is not the victim of the vulgar ambition which makes a family ape its wealthier neighbors in its outlay."

"That is an ambition not peculiar to us Americans," said the visitor.

"It is more common among us because in other countries social position depends upon birth, while here it is usually fixed by money. How many families in every class do you know who are pretending to a larger pecuniary wealth than they have?"
